

Trinity Trainer Methodist Church

LIVE FROM THE SANCTUARY — BROADCAST KIT · U-ROCK®
NETWORK

1 · YOUR CHURCH CONSOLE

Manage everything from one page — go live, post This Week announcements, and approve Parish & Community Board notes.

Console	<code>affiliate.urock.network/church.html</code>
Sign-in email	<code>trinity@urock.network</code>
Password	(provided separately)

2 · GOING LIVE FROM THE SANCTUARY

Easiest way — no software needed:

1. Open the Church Console and press “**Enter the Live Studio**”.
2. Allow microphone access in the browser.
3. Sign in with the streamer credentials below and press **Start Streaming**. The station page switches to *LIVE FROM THE SANCTUARY* automatically.

Streamer user	<code>trinity_live</code>
Streamer password	<code>8h4c3ot2-yic97n</code>
Server (for apps)	<code>broadcast.urock.network · port 8175</code>

Using broadcast software instead (BUTT, Mixxx)? Point it at the server and port above with the same streamer credentials.

3 · YOUR PUBLIC STATION PAGE

Station page	<code>urock.directory/station/trin-db</code>
---------------------	--

Announcements and events you publish appear under *This Week*. Approved community notes appear on the Parish & Community Board. Between broadcasts the station reads “Quiet hours” — it comes alive whenever you do.

NEED A HAND?

Email reach your U-Rock® Network contact directly. We set it up — you just have to speak.
